

# A Fresh Look at Creating Healthy Workplaces.

The numbers are clear. Vision conditions and disorders can severely impact satisfaction and productivity in the workplace. At MESVision<sup>®</sup>, we're working to make sure employers and employees have the high-quality vision care they need to succeed.

Vision disorders account for:

- **20%** decrease in employee performance annually
- As much as **\$8 billion** in lost productivity
- **\$16 billion** in health care spending annually

**It is estimated that up to 90%** of people over the age of 45 will require some sort of vision correction

## The MESVision<sup>®</sup> Solution

Increased productivity. Higher job satisfaction. Improved wellness. Better recruitment and retention. The benefits of offering high-quality vision care through MESVision<sup>®</sup> to your employees go on and on.

A MESVision<sup>®</sup> comprehensive annual exam provides early detection of:

- Vision impairment
- Refractive error
- Glaucoma
- Cancer
- Diabetes
- Hypertension
- Age-related macular degeneration
- Cataracts
- Diabetic retinopathy

## Caring for employees includes caring for their families.

Children need their eyes examined as early as six months of age and before they enter school. Healthier children means less time out of the office for employees.

## Vision Benefits provide an ROI of \$7 for every \$1 spent. \*

### Decreased:

- Medical Expenses
- Workers' Comp Claims
- Absences

### Increased:

- Job Performance
- Peace of Mind

\* According to a Vision Council of America report.
